CENIC's annual conference, ***The Right Connection: CENIC 2026***, will be held March 30 - April 1 at the Hyatt Regency, Monterey, California. See the conference website here: <https://events.cenic.org/march-2026>

CENIC advances education and research statewide by providing a world-class network essential for innovation, collaboration, and economic growth. These connections happen through the California Research and Education Network (CalREN), a high-capacity network designed to meet the unique requirements of over 20 million users, including most of California's K–20 students, educators, researchers, and staff at other vital public-serving institutions.
